

Safety Information

Always wear safety goggles and protective gloves.

For Industry use only, Keep away from Children.

ConfiAd adhesive contains both acrylic monomer(Component-A) and benzoyl peroxide(Component-B, less than 10%).

ConfiAd adhesive should be stored in a dark and dry place.

Avoid breathing vapor and use only with adequate ventilation.

Keep away from heat, sparks, open flame and other combustible materials.

Avoid contact with eyes, skin and clothing.

Wash thoroughly after handling.

Add the entire contents of the Component-A to the Component-B.

Apply to joint within 5 minutes just after dispersing.

Discard unused portion of spent industrial waste.

In case of contact with eyes, immediately flush eyes with plenty of water for at least 15 minutes. For skin, wash with soap and water. If swallowed, induce vomiting and call a physician immediately. If inhaled, move patient to fresh air.

This Technical Bulletin is intended to provide guidelines for optimal fabrication, and performance of Confiad adhesives mentioned. Though the information contained herein is deemed reliable, none of the contents--including but not limited to the instructions, techniques, graphics, and recommendations--is to be understood as implying legal liability of fitness for a specific purpose, any other type of warranty, or being complete or absolute in its range and nature of information.

Depending on the user's particular application, all necessary measures must be taken to verify and test the adequacy for such needs or application. Any information or recommendation herein is strictly for purposes of reference and as such, Jin Gwang Industry Co., Ltd. assumes no responsibility for its suitability or accuracy or the use of such information for products other than Confiad adhesives.
